## INDEPENDENT AUDITORS' REPORT

Board of Trustees San Luis Obispo County Community College District San Luis Obispo, California

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities of San Luis Obispo County Community College District (the District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the District as of June 30, 2013, and the changes in net position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Changes in Accounting Principles**

As discussed in the Notes to the basic financial statements, the accompanying financial statements reflect certain changes required as a result of the implementation of GASB Statement No. 62 for the year ended June 30, 2013. These changes require a restatement of the beginning net position of the District as discussed in Note 16. Our opinion is not modified with respect to this matter.

#### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis on pages 4 through 14 and the Schedule of Other Postemployment Benefits (OPEB) Funding Progress on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

### INTRODUCTION

This introduction to the District-wide financial statements provides background information regarding the financial position and activities of the San Luis Obispo County Community College District - Cuesta College (the District) for the years ended June 30, 2013 and 2012. We encourage readers to consider the information presented in this Management's Discussion and Analysis in conjunction with the financial statements and accompanying notes to the financial statements.

## Overview of the District-Wide Basic Financial Statements

The focus of the Statement of Net Position is designed to be similar to the bottom line results of the District. This statement combines and consolidates current financial resources with capital assets and long-term obligations. The Statement of Revenues, Expenses, and Changes in Net Position focuses on the costs of the District's operational activities, which are supported primarily by local property taxes and State apportionment revenues. The Statement of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District. The Notes to the Financial Statements provide additional information that is essential to the full understanding of the data provided in the District-wide financial statements.

## This Annual Report

This annual report consists of the following sections:

- Management's Discussion and Analysis (MD&A) utilizing a current year/prior year format;
- District-Wide Basic Financial Statements, including required Notes to the Financial Statements; and
- Supplementary Information.

### FINANCIAL HIGHLIGHTS

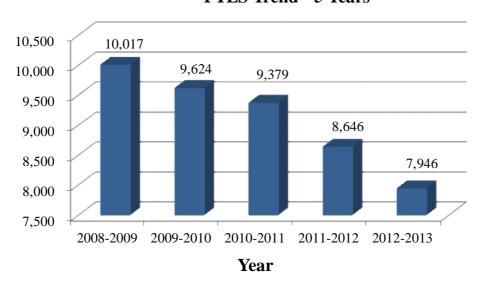

This section provides condensed information for each of the three basic financial statements, as well as illustrative charts, graphs, and tables.

The District's primary funding is based upon an apportionment allocation made by the State of California, Community Colleges Chancellor's Office (System Office). The primary basis for the Chancellor's apportionment calculation is the District's reporting of Full-Time Equivalent Students (FTES). During fiscal years 2012-2013 and 2011-2012, the District's FTES was 7,946 and 8,646, respectively. The District's FTES has been declining due to workload reductions imposed by the Chancellor's Office to offset State budget reductions.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

The graph below depicts the District's five-year trend for FTES:

FTES Trend - 5 Years

After the System Office calculates the District's base apportionment, it reduces the net amount to be distributed by the amount of property taxes, Prop 30 Education Protection Act funds, and enrollment fees expected to be paid directly to the District. The matrix below lists the four components and illustrates the net effect of the actual receipts for fiscal year 2012-2013 as compared to fiscal year 2011-2012:

2013	2012	Difference
\$ 29,832,461	\$ 28,736,363	\$ 1,096,098
4,300,665	3,819,518	481,147

Total Liabilities and Net Position	\$	138,127	\$	143,060

<sup>\*</sup> As restated. See Note 16 for more information.

The preceding schedule has been prepared from the District's Statement of Net Position (page 15) which is presented on the accrual basis of accounting whereby assets are capitalized and depreciated. Cash and investments (above) consist primarily of funds held in the San Luis Obispo County Treasury. A portion of the unrestricted net position has been designated by the Board or by contract for such purposes as Federal and State grants, bookstore reserves, and general reserves to ensure the ongoing financial health of the District.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

Cash, investments, and short-term receivables decreased by \$1.8 million, capital assets decreased by \$3.2 million, short-term borrowing increased by \$3.4 million, and long-term debt obligations - current portion decreased by \$5.8 million. The decrease in cash, investments, and short-term receivables was due to lower accounts receivable as a result of receiving all the reimbursement claims from the State for construction of the North County Learning Resource Center. Capital assets decreased by \$3.2 million as a result of a restatement of capitalized interest as outlined in Note 16 - Restatement of Prior Year Net Position. Short-term borrowing increased by \$3.4 million. The District issued a mid-year Tax and Revenue Anticipation Notes (TRANS) to help with cash flow problems created from the increase in State deferrals of apportionment. This District did not issue a mid-year TRAN in 2011-2012. Long-term debt obligations - current portion decreased by \$5.8 million. The decrease reflects the payoff of the 2009 Series A Certificates of Participation.

Other Revenues				
State and local capital income		79		9,782
Net Change in Net Position	\$	(3,446)	\$	3,101

The schedule presented above has been prepared from the Statement of Revenues, Expenses, and Changes in Net Position. State general apportionment, while budgeted for operations, is considered nonoperating revenue according to the Governmental Accounting Standards Board's (GASB) prescribed reporting format. Grant and contracts revenue includes student financial aid, as well as specific Federal and State grants received for programs serving the students of the District.

Operating revenues increased by nearly \$333 thousand during fiscal year 2012-2013. Total operating expenditures decreased by \$6.4 million. Salaries and benefits decreased by \$3.0 million, student aid decreased by \$1.3 million, and depreciation decreased by \$838 thousand.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

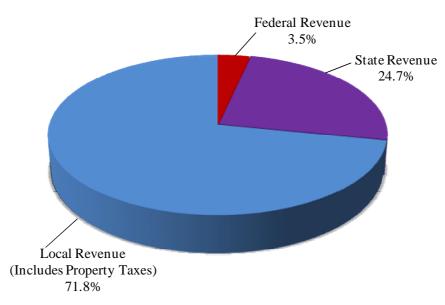

## General Fund

While this MD&A and the District-wide financial statements report the financial position and results of operations for the District as a whole, the following pie charts are intended to give the reader information specific to the General Fund.

# General Fund Revenues by Source

The chart below depicts the District's General Fund total revenues by source:

# General Fund Revenues By Source Total \$53,959,281

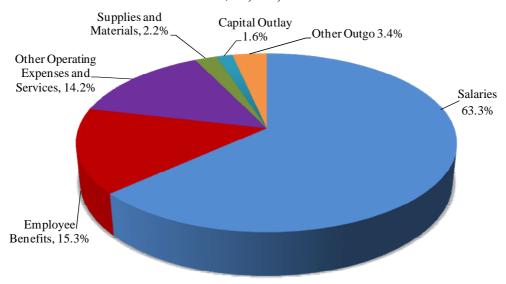

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

# General Fund Expenditures by Type

The chart below depicts the District's General Fund total expenditures by type:

# General Fund Expenditures By Type Total \$54,477,067

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

## Expenditures by Activity

The following table summarizes the District's expenditures by activity for the year ended June 30, 2013:

Supplies, Materials, Other Operating **Employee** Expenses, **Functional Classifications** Salaries Benefits and Services Depreciation Total \$ 25,294,966 Instructional \$ 17,860,958 \$ 4,669,259 2,764,749 Academic support 2,886,704 633,243 244,488 3,764,435 Student services 5,051,846 1,339,946 1,084,931 7,476,723 Operation and maintenance of plant 1,717,728 642,120 2,208,991 4,568,839 Institutional support 5,482,894 1,492,121 4,023,651 10,998,666 Community services and economic development 354,351 54,689 217,108 626,148 Auxiliary operations 2,039,469 501,220 1,368,022 3,908,711 Student aid 10,268,142 10,268,142 Other outgo 783,664 783,664 Depreciation 3,768,362 3,768,362 Total \$ 35,393,950 \$ 9,332,598 22,963,746 \$3,768,362 71,458,656

# Condensed Statement of Cash Flows for the Years Ended June 30, 2013 and 2012

## Amounts in thousands

		2013		2012
Cash Provided by (Used in)	<u> </u>			
Operating activities	\$	(57,932)	\$	(62,805)
Noncapital financing activities		72,002		59,139
Capital financing activities		(6,689)		(16,654)
Investing activities		63		116
Net Change in Cash and Cash Equivalents		7,444		(20,204)
Cash and Cash Equivalents, Beginning of Year		8,582		28,786
Cash and Cash Equivalents, End of Year	\$	16,026	\$	8,582

The previous schedule has been prepared from the Statement of Cash Flows presented on pages 17 and 18. This statement provides information about cash receipts and cash payments during the fiscal year. It also helps users assess the District's ability to generate positive net cash flows and its ability to meet its obligations as they come due.

The primary operating activities contributing to cash flow are student tuition and fees and Federal, State, and local grants and contracts, while the primary operating activity using cash flow throughout the year is the payment of salaries and benefits.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

Even though State apportionment and property taxes are the primary source of District revenue (and cash flow), GASB accounting standards require that these sources of revenue be shown as nonoperating revenue since they come from the general resources of the State and not from the primary users of the District's programs and services (students). Nevertheless, the District depends upon this funding as the primary source of funds to continue operations.

### ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

The economic position of the District is closely tied to that of the State of California. The current fiscal projections for the State are better than it has been for the past five years. Year-to-date State revenues are running \$136 million ahead of projections in fiscal year 2013-2014. The Legislative Analysis Office (LAO) anticipates strong Proposition 98 growth with a projected \$5.6 billion in 2014-2015 over 2013-2014. The LAO also projects significant one-time resources, perhaps close to \$4 billion over the 2012-2013 and 2013-2014 fiscal years.

With changes in the funding of the California Community College system, the District's funding has become more uncertain. The largest portion of the District's funding, 64.6 percent, currently comes from property taxes, which include Redevelopment Agency dollars. Enrollment fees make up approximately 9.8 percent of the District's funding. Education Protection Act funds (Proposition 30) is 12.3 percent. Apportionment is 2.2 percent. Deferrals for 2013-2014 are 11.1 percent.

For 2013-2104, the District did receive a 1.57 percent COLA, but it is offset with an unresolved shortfall of Redevelopment Agency dollars of up to 2.2 percent of the 2012-2013 budget.

## **Challenges Ahead**

- Proposition 30 is temporary. The Sale Tax increase terminates at the end of 2016, and the Income Tax increase at the end of 2018. The question is what then?
- Apportionment is getting more complicated. In 2008-2009, about two-thirds of apportionment was General Fund approved in the Budget Act. Now it is about one-third. Therefore, about two-thirds of the apportionment is based on estimates that may or may not hold up.
- In 2012-2013, there was statutory guaranteed backfills of Educational Protection Account and Redevelopment Agency related revenues. Timing and determination of the gaps has created delays and confusion.

Effect on the District:

The 2012-2013 deficit is unknown at this time.

**Current Official Deficit Projections:** 

4.77621 percent = \$1,686,460

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

Unofficial projection ranges:

0.7 percent = \$312,885 (best case).

2.4 percent = \$1,072,647 (worst case).

Worst case scenario and assumption used in this budget:

2.4 percent deficit would have the District still owed \$613,813.

If \$613,813 is actually received, then:

- A balanced 2013-2104 budget.
- Contingency will be at the level projected in the Five Year Budget Reduction Plan (\$1,484,084).
- Some carryover requests could be granted, (\$200,000).
- Lack of a continuous appropriation is an increasing problem.

### Risks on the District level includes:

- Cash Flow and Cash Insolvency. Cash flow is the actual inflow and outflow of funds. Cash insolvency is when there is not enough cash to pay bills, and there are no options for borrowing. The State has altered how it calculates apportionment in terms of sources of funding resulting in only 10.39 percent of the budget being paid to the District on a regular monthly basis. Therefore, cash management is extremely important at this time. It is recommended that expenditures are carefully monitored. The Board of Trustees approved a resolution allowing the District to take up to a \$14 million TRAN loan against expected property taxes.
- Deficit in revenues from the Redevelopment Agencies (RDA).
- The costs of unfunded mandates.
- Mandated expense with the adoption of Health Care Reform in 2014.
- The rising cost of technology, service contracts, supplies, and facility maintenance.
- The ability of the District to earn restoration funds.
- Compliance with the 50 Percent Law. Unless new legislation is written or waiver proposals are approved, many districts will be affected by having to make budget decisions based exclusively on the 50 Percent Law.

# MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

## CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the San Luis Obispo County Community College District.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

### **NOTE 1 - ORGANIZATION**

The San Luis Obispo County Community College District (the District) was established in 1963 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering educational services to residents of the surrounding area. The District operates under a locally elected five-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, capital project funds, and proprietary funds, but these budgets are managed at the department level. Currently, the District operates Cuesta College in San Luis Obispo, a satellite campus in Paso Robles, and a center in Arroyo Grande, California. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 61.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## **Financial Reporting Entity**

The District has adopted GASB Statement No. 61, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by GASB, the financial reporting entity consists of the primary government and the District.

The following entity met the criteria for inclusion as a "blended" component unit and is consolidated within the financial statements of the District:

• San Luis Obispo County Community College District Financing Corporation

The San Luis Obispo County Community College District Financing Corporation (the Corporation) is a legally separate organization and a component unit of the District. The Corporation was formed to issue debt specifically for the acquisition and construction of capital assets for the District. The financial activity has been "blended" or consolidated within the financial statements of the District as if the activity was the District's. Certificates of Participation issued by the Corporation are included as long-term obligations of the District.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37 and No. 38. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office *Budget and Accounting Manual*. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, operating revenues consist primarily of student fees and auxiliary activities through the bookstore and cafeteria.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent students (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated. Revenue from Federal and State grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are costs incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred, when goods are received, or services are rendered.

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements. The District has not elected to apply FASB pronouncements after that date.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis.
- Basic Financial Statements for the District as a whole including:
  - o Statement of Net Position Primary Government;
  - o Statement of Revenues, Expenses, and Changes in Net Position Primary Government;
  - o Statement of Cash Flows Primary Government;
  - o Financial Statements for the Fiduciary Funds including:
    - o Statement of Fiduciary Net Position;
    - o Statement of Changes in Fiduciary Net Position;
- Notes to the Financial Statements.

## **Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term unrestricted investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows.

#### **Investments**

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments held at June 30, 2013, are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

### **Restricted Assets**

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets represent investments required by debt covenants to be set aside by the District for the purpose of satisfying certain requirements of the bonded debt issuance and capital asset projects.

### **Accounts Receivable**

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. Management has analyzed these accounts and believes all amounts are fully collectable.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

### **Prepaid Expenses**

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30.

### **Inventories**

Inventories consist primarily of bookstore merchandise held for resale to the students and faculty of the colleges. Inventories are stated at cost, utilizing the weighted average method. The cost is recorded as an expense as the inventory is consumed.

## Deferred Issuance Costs, Premiums, and/or Discounts

Bond issuance costs, as well as premiums, are deferred and amortized over the life of the bonds using the straight-line method.

## **Capital Assets and Depreciation**

Capital assets are long-lived assets of the District as a whole and include land, construction in progress, buildings, building and land improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000 and an estimated useful life greater than one year. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction in progress as the projects are constructed. Routine repairs and maintenance that do not extend the life of the building or equipment are charged as operating expenses in the year the expense is incurred.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; portables, 15 years; improvements, 10 years; equipment, 10 years; vehicles, 8 years; and technology, 3 years.

### **Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

## **Compensated Absences**

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The amounts have been recorded in the fund from which the employees who have accumulated the leave are paid. The District also participates in "load-banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is applicable to all academic employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full time.

#### **Deferred Revenue**

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year, and (2) amounts received from Federal and State grants received before the eligibility requirements are met are recorded as deferred revenue.

### **Current Loans**

Current loans consist of amounts outstanding at June 30, 2013, for Tax and Revenue Anticipation Notes. The notes were issued as short-term obligations to provide cash flow needs. This liability is offset with cash deposits at the County Treasurer, which have been set aside to repay the notes.

### **Noncurrent Liabilities**

Noncurrent liabilities include bonds and notes payable, compensated absences, compensatory time, load banking, supplemental retirement plan, and OPEB obligations with maturities greater than one year.

#### **Net Position**

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represent the difference between assets and liabilities. The net position is classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

**Net Investment in Capital Assets** consists of capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such accounts are not included as a component of net investment in capital assets.

**Restricted**: Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

**Unrestricted**: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed. The District-wide financial statements report \$4,206,888 of restricted net position.

## **State Apportionments**

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

### **Property Taxes**

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Luis Obispo bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

### Board of Governors Grants (BOGG) and Fee Waivers

Student tuition and fee revenue is reported net of allowances and fee waivers approved by the Board of Governors through BOGG fee waivers in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf. To the extent that fee waivers have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

## **Federal Financial Assistance Programs**

The District participates in federally funded Pell Grants, SEOG Grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to students in the form of reduced tuition. These programs are audited in accordance with the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget's revised Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the related *Compliance Supplement*.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## On Behalf Payments

GASB Statement No. 24 requires direct on behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on behalf payments to the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) on behalf of all community colleges in California.

#### **Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### **Interfund Activity**

Interfund transfers and interfund receivables and payables for governmental activities are eliminated during the consolidation process in the entity-wide financial statements.

## **Changes in Accounting Principles**

In March 2012, GASB issued Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre November 30, 1989 FASB and AICPA Pronouncements. GASB Statement No. 62 establishes standards of financial accounting and reporting for capitalizing interest cost as a part of the historical cost of acquiring certain assets. For the purposes of applying this Statement, interest cost includes interest recognized on obligations having explicit interest rates and interest imputed on certain types of payables, as well as interest related to capital leases.

The District has implemented the provisions of this Statement for the year ended June 30, 2013. See Note 16 for more information.

In June 2011, the GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Concepts Statement No. 4, Elements of Financial Statements, introduced and defined those elements as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities.

Concepts Statement No. 4 also identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The District has implemented the provisions of this Statement for the year ended June 30, 2013.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## **New Accounting Pronouncements**

In March 2012, the GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined the elements included in financial statements, including deferred outflows of resources and deferred inflows of resources. In addition, Concepts Statement No. 4 provides that reporting a deferred outflow of resources or a deferred inflow of resources should be limited to those instances identified by the Board in authoritative pronouncements that are established after applicable due process. Prior to the issuance of this Statement, only two such pronouncements have been issued. Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, requires the reporting of a deferred outflow of resources or a deferred inflow of resources for the changes in fair value of hedging derivative instruments, and Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, requires a deferred inflow of resources to be reported by a transferor government in a qualifying service concession arrangement. This Statement amends the financial statement element classification of certain items previously reported as assets and liabilities to be consistent with the definitions in Concepts Statement No. 4. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term *deferred* in financial statement presentations.

The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012. Early implementation is encouraged.

In June 2012, the GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements No. 27 and No. 50 remain applicable for pensions that are not covered by the scope of this Statement.

The scope of this Statement addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts that have the following characteristics:

• Contributions from employers and non-employer contributing entities to the pension plan and earnings on those contributions are irrevocable.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

- Pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms.
- Pension plan assets are legally protected from the creditors of employers, non-employer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members.

This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit pensions, this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

Note disclosure and required supplementary information requirements about pensions also are addressed. Distinctions are made regarding the particular requirements for employers based on the number of employers whose employees are provided with pensions through the pension plan and whether pension obligations and pension plan assets are shared. Employers are classified in one of the following categories for purposes of this Statement:

- Single employers are those whose employees are provided with defined benefit pensions through singleemployer pension plans—pension plans in which pensions are provided to the employees of only one employer (as defined in this Statement).
- Agent employers are those whose employees are provided with defined benefit pensions through agent
  multiple-employer pension plans—pension plans in which plan assets are pooled for investment purposes, but
  separate accounts are maintained for each individual employer so that each employer's share of the pooled
  assets is legally available to pay the benefits of only its employees.
- Cost-sharing employers are those whose employees are provided with defined benefit pensions through costsharing multiple-employer pension plans—pension plans in which the pension obligations to the employees of more than one employer are pooled and plan assets can be used to pay the benefits of the employees of any employer that provides pensions through the pension plan.

In addition, this Statement details the recognition and disclosure requirements for employers with liabilities (payables) to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions. This Statement also addresses circumstances in which a non-employer entity has a legal requirement to make contributions directly to a pension plan.

This Statement is effective for fiscal years beginning after June 15, 2014. Early implementation is encouraged.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

### **NOTE 3 - DEPOSITS AND INVESTMENTS**

#### **Policies and Practices**

The District is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

**Investment in County Treasury** - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

### **General Authorizations**

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment
Investment Type	Maturity	of Portfolio	in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## **Authorized Under Debt Agreements**

Investment of debt proceeds held by bond trustees are governed by provisions of debt agreements, rather than the general provisions of the *California Government Code*. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

## **Summary of Deposits and Investments**

Deposits and investments as of June 30, 2013, consist of the following:

Primary government Fiduciary funds Total Deposits and Investments	\$ 16,025,614
Cash on hand and in banks Cash in revolving	\$ 416,857 10,000
Investments  Total Deposits and Investments	16,169,173 \$ 16,596,030

### **Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the San Luis Obispo County Investment Pool or having the pool purchase a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

## **Weighted Average Maturity**

The District monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. Information about the weighted average maturity of the District's portfolio is presented in the following schedule:

	Fair	Weighted Average
Investment Type	Value	Days to Maturity
San Luis Obispo County Investment Pool	\$ 14,045,977	86
U.S. Bank Money Market	2,126,327	N/A
Total	\$ 16,172,304	

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of an investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The San Luis County Investment Pool was rated by Fitch Ratings as AAA/V1 as of February 22, 2013. The U.S. Bank Money Market account was not rated.

## **Custodial Credit Risk - Deposits**

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the *California Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2013, the District's bank balance was \$719,839. Of this balance, \$226,985 was exposed to custodial credit risk because it was uninsured but is collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

#### NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. All receivables are considered collectible in full.

The accounts receivable are as follows:

		Primary Government	
Federal Government			
Categorical aid	\$	514,097	
State Government			
Apportionment		448,202	
Categorical aid		274,785	
Lottery		667,244	
Local Sources			
Foundation		237,751	
Interest and other local sources		942,892	
Total	\$	3,084,971	
Student receivables	\$	110,121

<sup>\*</sup> As restated. See Note 16 for more information.

Depreciation expense for the year was \$3,768,362.

Interest expense on capital related debt for the year ended June 30, 2013, was \$1,195,941. Of this amount, \$33,535 was capitalized.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

### NOTE 6 - ACCOUNTS PAYABLE

Accounts payable for the District consisted of the following:

		Primary	
		Government	
Vendor payables	\$	1,273,154	
Construction		14,867	
Accrued payroll		567,317	
Instructional service agreements		544,082	
Apportionment		1,567,640	
Total	\$	3,967,060	
	Fid	uciary Funds	
Other	\$	54	

### NOTE 7 - SHORT-TERM BORROWING

In August 2012, the District issued \$7,000,000 of Tax and Revenue Anticipation Notes. The yield on the notes is 0.45 percent. The notes were issued to supplement cash flows. The terms require the District to set aside, in the County Treasury, 100 percent of the principal and interest due on the notes at maturity. The notes matured on June 28, 2013.

The District issued \$3,355,000 of Tax and Revenue Anticipation Notes dated February 28, 2013, through the California Community College Financing Authority. The notes mature on December 31, 2013, and yield 0.25 percent interest. The notes were sold to supplement cash flow. Repayment requirements are that a percentage of principal and interest be deposited with the Fiscal Agent until 100 percent of principal and interest due is on account by November 30, 2013. As of June 30, 2013, the tax anticipation notes of \$3,355,000 and related accrued interest and cash held in trust are included in these financial statements.

	Interest		Outs	tanding			Outstanding

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

#### **NOTE 8 - DEFERRED REVENUE**

Deferred revenue consisted of the following:

	Government	
State categorical aid	\$	1,189,946
Student tuition and fees and other		518,990
Total	\$	1,708,936

Primary

#### **NOTE 9 - INTERFUND TRANSACTIONS**

### Interfund Receivables and Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity within the governmental funds and fiduciary funds has been eliminated respectively in the consolidation process of the basic financial statements. Balances owing between the primary government and the fiduciary funds are not eliminated in the consolidation process. As of June 30, 2013, the fiduciary funds owed the primary government \$25,000.

## **Interfund Operating Transfers**

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidation process. Transfers between the primary government and the fiduciary funds are not eliminated in the consolidation process. During the 2013 fiscal year, the amount transferred to the primary government from the fiduciary fund amounted to \$77,700.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

### **NOTE 10 - LONG-TERM OBLIGATIONS**

### **Summary**

The changes in the District's long-term obligations during the 2013 fiscal year consisted of the following:

	Balance			Balance		
	Beginning			End	End Due in	
	of Year	Additions	Deductions	of Year	One Year	
Bonds and Notes Payable						
2003 Certificates of participation	\$ 1,820,000	\$ -	\$ 230,000	\$ 1,590,000	\$ 235,000	
2006 Certificates of participation	11,880,000	-	305,000	11,575,000	320,000	
2009 Certificates of participation	13,150,000	-	5,965,000	7,185,000	135,000	
Notes payable	<u> </u>	250,000	11,538	238,462	46,154	
Total Bonds and Notes Payable	26,850,000	250,000	6,511,538	20,588,462	736,154	
Other Obligations						
Compensated absences	1,277,045	104,397	-	1,381,442	-	
Compensatory time	51,237	-	5,939	45,298	-	
Net OPEB obligation	163,989	101,172	50,778	214,383	-	
Load banking	151,689	41,350	=	193,039	=	
Supplemental early retirement plan	943,316		314,439	628,877	314,439	
<b>Total Other Obligations</b>	2,587,276	246,919	371,156	2,463,039	314,439	
Total Long-Term Obligations	\$ 29,437,276	\$ 496,919	\$ 6,882,694	\$ 23,051,501	\$ 1,050,593	

Certificates of participation are paid from the unrestricted resources of the General Fund and payment is made through the Other Debt Service Fund. The note payable and the Supplemental Early Retirement Plan are paid from resources of the unrestricted General Fund. Compensated Absences and Compensatory Time payments are employee related and are paid in the funds where the employee's payroll is paid. The Net OPEB obligation is paid by the unrestricted General Fund. Load banking is an obligation of the General Fund.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## 2003 Certificates of Participation

On July 15, 2003, the San Luis Obispo County Community College District Financing Corporation issued \$3,325,000 of certificates of participation with interest rates ranging from 1.10 percent to 3.80 percent. The certificates mature through July 2017 (fiscal year 2018). At June 30, 2013, the principal balance outstanding is \$1,590,000.

Year Ending					
June 30,	Principal	Interest		Total	
2014	\$ 235,000	\$	52,944	\$ \$ 287,944	
2015	240,000		45,105	285,105	
2016	255,000		36,623	291,623	
2017	260,000		27,480	287,480

2034-2035	1,600,000_	117,975	1,717,975	
Total	\$ 11,575,000	\$ 7,360,409	\$ 18,935,409	

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## 2009 Certificates of Participation

In November 2009, the District issued \$24,995,000 of certificates of participation to finance the acquisition and construction of certain facilities and refinance certain District obligations. The certificates' interest rates range from 3.1 percent to 5.9 percent. The certificates mature through 2040. At June 30, 2013, the principal balance outstanding is \$7,185,000.

Year Ending				
June 30,	Principal	Interest	Total	
2014	\$ 135,000	\$ 388,744	\$ 523,744	
2015	140,000	384,444	524,444	
2016	140,000	379,544	519,544	
2017	150,000	373,919	523,919	
2018	155,000	367,625	522,625	
2019-2023	885,000	1,720,916	2,605,916	
2024-2028	1,135,000	1,457,888	2,592,888	
2029-2033	1,485,000	1,095,231	2,580,231	
2034-2038	1,970,000	593,375	2,563,375	
2039-2040	990,000	58,163	1,048,163	
Total	\$ 7,185,000	\$ 6,819,849	\$ 14,004,849	

## **Notes Payable**

The notes payable were issued in February 2013 in the amount of \$250,000 to fund energy efficiency retrofitting projects throughout the District.

The annual debt service requirements to amortize the notes payable outstanding as of June 30, 2013, are as follows:

Year Ending		
June 30,		
2014	\$	46,154
2015		46,154
2016		46,154
2017		46,154
2018		46,154
2019		7,692
Total	\$	238,462

## **Compensated Absences and Compensatory Time**

Compensated absences and compensatory time at June 30, 2013, are \$1,381,442, and \$45,298, respectively.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## **Other Postemployment Benefits Obligation**

The District's annual required contribution for the year ended June 30, 2013, was \$92,973, and contributions made by the District during the year were \$43,018. Interest on the net OPEB obligation and adjustments to the annual required contribution were \$8,199 and \$(7,760), respectively, which resulted in an increase to the net OPEB obligation of \$50,394. As of June 30, 2013, the net OPEB obligation was \$214,383. See Note 11 for additional information regarding the OPEB obligation and the postemployment benefits plan.

### **Load Banking**

In accordance with the bargaining unit agreement with faculty, unpaid excess courses taught by faculty may be exchanged for reduced teaching load in future terms. The value is based on the salary of the faculty member when earned and is calculated using full-time equivalent units. The accumulated unused value at June 30, 2013, is \$193,039.

## **Supplemental Early Retirement Plan**

The District offered a supplemental early retirement incentive to qualified employees. Employees who have attained a certain age and number of years of service with the District as of June 30, 2010, were eligible to receive this benefit. The retiree is provided an annuity in exchange for retirement. The District is required to make annual payments of \$194,439 each of the next two years. At June 30, 2013, the balance of the payments is \$388,877 in accordance with the following schedule:

Year Ending	
June 30,	
2014	\$ 194,4
2015	194,4
Total	\$ 388,8

The District offered a supplemental early retirement incentive to qualified employees. Employees who have attained a certain age and number of years of service with the District as of June 30, 2012, were eligible to receive this benefit. The retiree is provided a payment of \$15,000 for the next three years in exchange for retirement. The District is required to make annual payments of \$120,000 each of the next two years. At June 30, 2013, the balance of the payments is \$240,000 in accordance with the following schedule:

Year Ending	
June 30,	
2014	\$ 120,000
2015	 120,000
Total	\$ 240,000

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## NOTE 11 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION

The District provides postemployment health care benefits for retired employees in accordance with negotiated contracts with the various bargaining units of the District.

## **Plan Description**

The District offers limited postemployment benefits. One former administrator was offered lifetime health benefits as part of their employment contract. Other than this administrator, certain eligible active and retired employees are provided the opportunity to purchase insurance directly from providers through the District, thereby providing employees with a benefit derived from the combined purchasing power of the employees who elect to participate. Membership of the plan consists of 41 retirees and 410 active plan members.

## **Funding Policy**

The contribution requirements of plan members and the District are established and may be amended by the District and the District's bargaining units. For the fiscal year 2012-2013, the District's actuarial contribution to the plan was \$43,018 all of which was used for current premiums.

### **Annual OPEB Cost and Net OPEB Obligation**

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the payments of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding costs) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the plan:

Annual required contribution	\$ 92,973
Interest on net OPEB obligation	8,199
Adjustment to annual required contribution	 (7,760)
Annual OPEB cost (expense)	93,412
Contribution made	(43,018)
Increase in net OPEB obligation	50,394
Net OPEB obligation, beginning of year	 163,989
Net OPEB obligation, end of year	\$ 214,383

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

#### **Trend Information**

Trend information for the annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the past three years is as follows:

Year Ended	Ann	ual OPEB		Actual	Percentage	N	et OPEB
June 30,		Cost	Cor	ntribution	Contributed	O	bligation
2011	\$	95,543	\$	62,883	66%	\$	126,555
2012		93,313		55,879	60%		163,989
2013		93,412		43,018	46%		214,383

### **Funding Status and Funding Progress**

The funded status of the OPEB Plan as of June 30, 2013, is as follows:

Actuarial Accrued Liability (AAL)	\$	702,379
Actuarial Value of Plan Assets		-
Unfunded Actuarial Accrued Liability (UAAL)	\$	702,379
Funded Ratio (Actuarial Value of Plan Assets/AAL)		0%
Covered Payroll	\$ 3	4,634,882
UAAL as Percentage of Covered Payroll		2%

The above noted actuarial accrued liability was based on the February 1, 2012, actuarial valuation. Actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Other Postemployment Benefits Funding Progress, presented as required supplementary information, follows the notes to the financial statements and presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial values of assets, consistent with the long-term perspective of the calculations.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

In the February 1, 2012, actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a five percent investment rate of return based on the assumed long-term return on plan assets or employer assets. The cost trend rate used for the medical program was four percent. The UAAL is being amortized at a level percentage of payroll method. The remaining amortization period is 25 years. The actuarial value of assets was not determined in this actuarial study.

#### NOTE 12 - RISK MANAGEMENT

### **Insurance Coverages**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

### **Joint Powers Authority Risk Pools**

During fiscal year ended June 30, 2013, the District contracted with the Bay Area Community College District Joint Powers Authority for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

## **Workers' Compensation**

For fiscal year 2012-2013, the District participated in the Self-Insurance Program for Employees (SIPE) Joint Powers Authority (JPA), an insurance purchasing pool. The District is self insured for the first \$10,000 of each workers' compensation claim. The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

## **Employee Medical Benefits**

The District offers a variety of medical benefit options to its employees. This includes utilizing both services provided by agreements with two Joint Powers Authorities and direct programs through Blue Shield, an insurance provider.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

The District has contracted with Self-Insured Schools of California (SISC III) to provide medical plans to faculty and other eligible District employees. SISC III is a shared risk pool. Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating districts. Claims are paid for all participants regardless of the claims flow. The Board of Directors has the right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool.

Also offered are vision and dental benefits. Dental benefits are provided through California Schools Dental Coalition, a Joint Powers Authority. Vision benefits are provided through Blue Shield, an insurance provider.

#### NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer retirement plans maintained by agencies of the State of California. Certificated employees are members of CalSTRS and classified employees are members of CalPERS.

#### **CalSTRS**

## **Plan Description**

The District contributes to a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 100 Waterfront Place, West Sacramento, CA 95605.

## **Funding Policy**

Active members are required to contribute 8.0 percent of their salary, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2012-2013 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalSTRS for the fiscal years ended June 30, 2013, 2012, and 2011, were \$1,628,603, \$1,717,340, and \$1,748,642, respectively, and equal 100 percent of the required contributions for each year. The State of California may make additional direct payments for retiree benefits to CalSTRS on behalf of all community colleges in the State. The revenue and expenditures associated with these payments, if any, have not been included in these financial statements.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

#### **CalPERS**

## **Plan Description**

The District contributes to the School Employer Pool under a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95811.

## **Funding Policy**

Active plan members are required to contribute 7.0 percent of their salary, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2012-2013 was 11.417 percent of covered payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ended June 30, 2013, 2012, and 2011, were \$1,441,218, \$1,509,410, and \$1,452,326, respectively, and equal 100 percent of the required contributions for each year.

## **On Behalf Payments**

The State of California makes contributions to CalSTRS and CalPERS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS for the fiscal years ended June 30, 2013, 2012, and 2011, which amounted to \$1,095,020, \$1,056,200, and \$902,800, respectively, (5.176 percent) of salaries subject to CalSTRS. Contributions are no longer appropriated in the annual *Budget Act* for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. No contributions were made for CalPERS for the years ended June 30, 2013, 2012, and 2011. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. These amounts have been reflected in the basic financial statements as a component of nonoperating revenue and employee benefit expense.

### NOTE 14 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the Bay Area Community College District Joint Powers Agency (BACCD), Self-Insurance Program for Employees (SIPE), Self-Insured Schools of California (SISC III), and the California Dental Coalition. Each of these entities is a Joint Powers Authorities (JPAs). The District pays annual premiums for its property liability, health, and workers' compensation coverage. The relationships between the District and the JPAs are such that they are not component units of the District for financial reporting purposes.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District has appointed one representative to the Governing Board of BACCD and SIPE.

The District's share of year-end assets, liabilities, or fund equity has not been calculated.

During the year ended June 30, 2013, the District made payments of \$337,361, \$264,387, \$1,813,797, and \$26,424 to the BACCD, SIPE, SISC III, and the California Dental Coalition, respectively.

#### NOTE 15 - COMMITMENTS AND CONTINGENCIES

#### Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2013.

### Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2013.

#### NOTE 16 - RESTATEMENT OF PRIOR YEAR NET POSITION

The District's prior year beginning net position has been restated as of June 30, 2013.

Effective in fiscal year 2012-2013, the District was required to capitalize interest as part of the historical cost of constructing certain business-type activity assets. The implementation of this standard required a change in accounting principle and restatement of the beginning net position of the District by \$3,764,738.

Primary Governn
-----------------

Net Position - Beginning	\$ 105,406,111
Restatement of capital assets for implementation of GASB Statement No. 62	3,764,738_
Net Position - Beginning, as Restated	\$ 109,170,849

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013

## **NOTE 17 - SUBSEQUENT EVENTS**

The District issued \$4,220,000 of Tax and Revenue Anticipation Notes dated July 17, 2013. The notes mature on June 30, 2014, and yield 0.28 percent interest. The notes were sold to supplement cash flow. Repayment requirements are that a percentage of principal and interest be deposited with the Fiscal Agent each month beginning January 2014, until 100 percent of principal and interest due is on account in April 2014.

## **DISTRICT ORGANIZATION JUNE 30, 2013**

The San Luis Obispo County Community College District was established on April 16, 1963, and is comprised of an area of approximately 3,316 square miles located in San Luis Obispo County. There were no changes in the boundaries of the District during the current year. The District's colleges are accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, which is one of six regional associations that accredit public and private schools, colleges, and universities in the United States.

# RECONCILIATION OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2013

Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:  Total Fund Balance and Due to Student Groups:		
	¢ 5 267 525	
General Fund - unrestricted General Fund - restricted	\$ 5,367,525 1,361,322	
Special Revenue Funds	89,223	
•	651,284	
Capital Project Funds Debt Service Funds	2,610,470	
	648,783	
Enterprise Funds Internal Service Funds	206,495	
Total Fund Balances and Due to Student Groups	200,493	
- All District Funds		\$ 10,935,102
Capital assets used in governmental activities are not financial resources and,		Ψ 10,233,102
therefore, are not reported as assets in governmental funds.		
The cost of capital assets is:	171,644,329	
Accumulated depreciation is:	(53,943,505)	
Total Capital Assets on the Statement of Net Position	117,700,824	
Less fixed assets already recorded in the enterprise funds	(10,626)	
Total Capital Assets Net of Capital Assets of the Enterprise Fund	(10,020)	117,690,198
Certain costs related to the issuance of long-term obligations are recorded as		117,050,150
expenditures in the governmental funds, but are capitalized in the Statement		
of Net Position and amortized over the life of the related long-term obligation.		438,465
		730,703
In governmental funds, unmatured interest on long-term obligations is		
recognized in the period when it is due. On the government-wide		
financial statements, unmatured interest on long-term obligations is		
recognized when it is incurred.		(319,471)
Long-term obligations, including notes payable, are not due and payable in the		
current period and, therefore, are not reported as liabilities in the funds.		
Long-term obligations at year end consist of:		
2003 Certificates of participation	1,590,000	
2006 Certificates of participation	11,575,000	
2009 Certificates of participation	7,185,000	
Note payable	238,462	
Compensated absences (less amount set up in enterprise funds)	1,348,919	
Compensatory time	45,298	
Net OPEB obligation	214,383	
Load banking	193,039	
Supplemental early retirement plan	628,877	(23,018,978)
Total Net Position		\$105,725,316

## NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2013

#### NOTE 1 - PURPOSE OF SCHEDULES

#### **District Organization**

This schedule provides information about the District's governing board members and administration members.

## **Schedule of Expenditures of Federal Awards**

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenses, and Changes in Net Position - Primary Government and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts consist of various program funds that have been recorded in the current period as revenues, but have not been expended as of June 30, 2013. These unspent balances are reported as legally restricted ending balances within the Statement of Net Position - Primary Government.

	CFDA Number	Amount
Total Federal Revenues From the Statement of Revenues, Expenses,		
and Changes in Net Position:		\$ 11,746,697
Various programs	N/A	(561)
Total Schedule of Expenditures of Federal Awards		\$ 11,746,136

## **Schedule of Expenditures of State Awards**

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

## Schedule of Workload Measures for State General Apportionment Annual (Actual) Attendance

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

## NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2013

## Reconciliation of Education Code Section 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

## Reconciliation of Annual Financial and Budget Report (CCFS-311) With Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

## Proposition 30 Education Protection Act (EPA) Expenditure Report

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

### Reconciliation of Governmental Funds to the Statement of Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

INDEPENDENT AUDITORS' REPORTS

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees San Luis Obispo County Community College District San Luis Obispo, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the business-type activities of San Luis Obispo County Community College District (the District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 13, 2013.

As discussed in the Notes to the basic financial statements, the accompanying financial statements reflect certain changes required as a result of the implementation of GASB Statement No. 62 for the year ended June 30, 2013. These changes require a restatement of the beginning net position of the District as discussed in Note 16. Our opinion is not modified with respect to this matter.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Trustees San Luis Obispo County Community College District San Luis Obispo, California

### Report on Compliance for Each Major Federal Program

We have audited San Luis Obispo County Community College District's (the District) compliance with the types of compliance requirements described in OMB Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2013. The District's major Federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

#### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

## **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2013.

### **Report on Internal Control Over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

#### INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees San Luis Obispo County Community College District San Luis Obispo, California

## **Report on State Compliance**

We have audited San Luis Obispo County Community College District's (the District) compliance with the types of compliance requirements as identified in the California Community Colleges Chancellor's Office *District Audit Manual* issued in April 2013 that could have a direct and material effect on each of the District's programs as noted below for the year ended June 30, 2013.

### Management's Responsibility

Management is responsible for compliance with the requirements identified in the California Community Colleges Chancellor's Office *District Audit Manual* issued in April 2013.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance of each of the District's programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the applicable programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

## **Unmodified Opinion for Each of the Programs**

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2013.

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 421	Salaries of Classroom Instructors (50 Percent Law)
Section 423	Apportionment for Instructional Service Agreements/Contracts
Section 424	State General Apportionment Funding System
Section 425	Residency Determination for Credit Courses
Section 426	Students Actively Enrolled
Section 427	Concurrent Enrollment of K-12 Students in Community College Credit Courses
Section 431	Gann Limit Calculation
Section 433	CalWORKS
Section 435	Open Enrollment
Section 437	Student Fees – Instructional and Other Materials
Section 438	Student Fees – Health Fees and Use of Health Fee Funds
Section 474	Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)
Section 475	Disabled Student Programs and Services (DSPS)
Section 479	To Be Arranged (TBA) Hours
Section 490	Proposition 1D State Bond Funded Projects
Section 491	Proposition 30 Education Protection Account Funds

## FINANCIAL STATEMENT FINDINGS AND RECOMMENDATIONS FOR THE YEAR ENDED JUNE 30, 2013

None reported.

## FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2013

None reported.

## STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2013

None reported.

## SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2013

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Audit Findings and Questioned Costs.

State Awards Findings

## 2012-1 TO BE ARRANGED (TBA) HOURS

## Criteria or Specific Requirement

CCR Title 5, Section 58104, requires that Districts ensure that "all courses to be conducted shall be described in the official general catalog and/or addenda and listed in the schedules of classes. Courses which are established or conducted after publication of the general catalog or regular schedule of classes shall be reasonably well publicized".

CCR Title 5, Section 58003.1, states that "instructors should indicate in the syllabus or in another required assignment document both the objectives and purpose of the TBA hours and the requirement that all enrolled students in the course must adhere to the designated TBA schedule. The syllabus or other document should be distributed in class so that all students have the information needed regarding TBA".

### **Condition**

We noted 12 courses for which the District had discrepancies between the information that was presented in the District Catalog and the Class Schedules, specifically related to the number of TBA hours that were required. We noted three courses in which the course syllabus did not clearly communicate the number of TBA hours and the activity related to the TBA hours to the students.

### **Questioned Costs**

No questioned costs.

#### Recommendation

We recommend the District ensure that all necessary information regarding TBA hour courses within the District Catalog and Class Schedules match. In addition, the District should ensure that all course syllabi, for which there are TBA hours, include the relevant information that a student enrolled in the course would need.

#### **Current Status**

Implemented.
